ICONOCLAST: ABRAHAM FLEXNER AND A LIFE IN LEARNING (HARDBACK)**DOWNLOAD PDF**

JOHNS HOPKINS UNIVERSITY PRESS, United States, 2002. Hardback. Condition: New. Language: English. Brand new Book. In this, the first biography of Abraham Flexner (1866-1959), distinguished scholar Thomas N. Bonner offers an engaging and insightful view of one of the most influential figures in twentieth-century American education. From his early, pathbreaking work in experimental primary schools to the founding of the prestigious Institute for Advanced Study at Princeton, Abraham Flexner's influence on American education was deep, pervasive, and enduring. The son of poor Jewish immigrants in Louisville, Kentucky, Flexner was raised in the Reconstruction South and educated at the Johns Hopkins University in the first decade of that institution's existence. Upon earning his degree in 1886, he returned to Louisville to found four years before John Dewey's Chicago "laboratory school"-an experimental school based on progressive ideas that soon won the close attention of Harvard President Charles Eliot. For fifteen years a senior officer in the Rockefeller-supported General Education Board, he helped raise money-more than 6 billion in today's dollars-for education in medicine and other subjects. His devastating critique of American higher education in 1936 raised the hackles of educators-but ultimately raised important questions as well. Three years later he created and led the...
